**Is Looking for**

## **Wastewater Treatment Plant Class II Operator/ Limited Surface Water Operator**

**Location:** Detour Gold Mine Site

**Report To:** DCS Overall Responsible Operator

**Employment:** Full-time Position. Rotation is 14 days in/14 days out. 12 hours days.

DCS Services LP is a Moose Cree Group of Companies Member Company and is presently working as the contractor for Kirkland Lake Gold –Detour Mine under the Water/Wastewater Treatment contract. The Mine site is located north of Cochrane Ontario.

**Job Description:** As a member of the DCS Site Services Water Treatment Crew, the successful candidates will be part of a team of operators looking after 2 plus 1 Water/Wastewater Treatment Plants at the Detour Gold Mine Site. This position is full-time, working 12 hours per day - day shift/night shift, with 14 days in/14 days out rotation.

**Requirements and Qualifications:** The successful candidates will have:

- High school diploma or GED
- Minimally Wastewater Treatment Level II and for the drinking water treatment plant minimally Limited Surface Water operator certificate.
- Minimum 3 years hands on experience operating water/wastewater treatment plants
- Possess a valid driver's license
- Experience working water/wastewater treatment plant operations (operating principles of valves, pumps, and motors; principles and methods of bacteriological and chemical sewage analyses; effects and problems of industrial waste in water/wastewater treatment processes; safe work practices).
- Successful candidate must be willing and able to accommodate working on an on- call rotational basis.

**Salary:** Salary will be based on certified level and experience as per DCS Policies.

**How to Apply:** Please Forward resumes as well as copies of related certificates by mail, e-mail or fax to the contact information shown above no later than **Wednesday, September 1, 2021**.

**We thank all applicants for their interest, however, only those selected for an interview will be contacted.**
